

JOB TITLE: Primary Care Provider - start date 7/1/2017 **JOB GROUP:** VIII
LOCATION: Various – Buffalo and the Southtowns
REPORTS TO: Chief Operating Officer/Medical Director **FLSA STATUS:** Non-Exempt

SUMMARY

The Primary Care Provider will work as part of a multidisciplinary team providing coordinated physical and behavioral health treatment. The Provider will perform health physicals and health monitoring for consumers who are not linked to appropriate primary care follow up in the community. The provider will engage the consumer in the shared decision making about physical health issues and follow up. The provider will be located at several sites.

RESPONSIBILITIES:

- Perform physical health assessments, defined as the physical evaluation of an individual, including an age and gender appropriate history, examination, and the ordering of laboratory/diagnostic procedures as appropriate
- Perform health monitoring services, defined as continued measuring of specific health indicators associated with increased risk of medical illness and early death.
- Direct medical treatment and collaborate with the team nurse in assessing client physical health.
- Provide education regarding physical health diagnoses and medications for participants and family members.
- Coordinate with clinical team to ensure quality care.
- Work with the Program Director to monitor the clinical status and treatment response of each served individual.
- Assist in providing education to clients regarding their illness, response to treatment, and possible side effects of medications.
- Ensure appropriate referral to community Primary Care Providers and coordination of care with any existing client PMD's.
- Make recommendations for specialty care.

QUALIFICATIONS:

- NYS licensed MD or DO in Family Practice, or licensed Nurse Practitioner certified in appropriate practice area
- Experience in community-based primary care services. Experience with behavioral health (serious mental illness, substance use disorders) preferred.
